

Native ARC Training Events Animal Communication Seminar

Do you ever wonder what your animals are thinking? What would they say to you if they could speak? Is animal communication real? What is animal communication?

Dr Lisa Winters can help answer these questions through her animal communication workshop. In this workshop she will guide you through the following:

- Introduction into spiritual development: What are your super powers?
- Finding your totem/spirit animal: Guided meditation
- Principles of animal communication: What it is and how we do it
- Introduction into reading animals past and present
- Introduction into reading our Australian wildlife
- Developing a reference system
- Body scanning
- Pendulum body scanning
- Legalities of animal communication
- Finding lost pets
- More animal readings

Animal communication is a process that enables us to talk with animals using telepathy and other modes of psychic communication. This involves the exchange of thoughts, impressions, feelings, emotions and pictures between the animal and person the animal is communicating with. This introductory workshop will help you develop your own direct, two way communication with the animals in your life. So let's start talking!

Maximum 10 Participants

Cost: \$150.00 or \$100.00 for Native ARC Members.

When: Sunday 1 October 9.00am – 4.00pm.

Where: Native ARC 172 Hope Road Bibra Lake.
